

# Manway Cleaning Door

## Product Overview:

Keep employees safe from harmful chemicals and hot water. Enhance your tank cleaning process with our innovative Clear Acrylic Manway Door. Designed for easy access and full visibility, it allows for real-time inspection of the cleaning process, ensuring thorough sanitation without interrupting operations.

## Key Features:

- Durable, food-grade acrylic for visual monitoring
- EPDM gasket for secure, leak-proof sealing
- Available in standard 18" round or custom oval sizes
- Quick-release mechanism for easy operation
- Real-time cleaning process visibility

## Benefits:

- Protect employees during cleaning process.
- Inspection cleaning without opening the tank
- Resistant to chemical cleaning agents
- Reduces cleaning setup time.

## Technical Specs:

Table 1
