

# CIP Orbital Tank Washer

## Smarter. Safer. LIGHTER.

- Transform your tank cleaning process with the next-generation of Orbital Tank Washer!
- Engineered for powerful 360° cleaning performance, minimal maintenance, and ultra-lightweight operation.

Trusted by leading food, beverage, and wine producers, this washer combines innovation, reliability, and safety in one compact design.

### Key Benefits

**Lightweight:** Only  $\approx$  1 lb. Easy to handle and install; reduces operator injuries and speeds changeovers.

**Safety Built-In:** Operates entirely inside the tank; no manual entry. Optional FDA-compliant metal-detectable materials.

**Ease of Maintenance:** Simplified mechanism; fewer wear parts; quick access for repairs; lower operating costs.

### Technical Specifications

Manufacturing: SLS 3D Printed

Temperature: Up to 200 F

Pressure: 50-80 PSI

Insertion Opening: Min 0.4 in
